(54) LENS STORAGE CONTAINER

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a lens storage container with which occurrence of abnormality in transporting lenses can be prevented.

SOLUTION: This lens storage container comprises a long carrier tape 11 having a plurality of lens storage parts 13 having a support part 15 for supporting one end face 9' of a flange 5 so that the lens face side 7' of a lens 1 is not contacted, a lens face relief part 25 protruding to the other side of the lens storage part 13 so that the other lens face side 7' of the lens 1 stored in the part 13 is not contacted, and a long cover tape 21 adhered to the tape 11 having a touching part 2 for touching the other end face 9 of the flange 5 holding the flange 5 with the support part 15.
